

Have you heard ...?

Animal science communication: Is it reliable? Is it relevant? Is it responsible?

Please join us virtually for this year's annual SASAS Congress from 10–12 August 2021!

Registrations are now open, click [here](#) to book your seat for this year's event.

You can look forward to:

- **Nine well-known names in the industry** to present keynote addresses, including [Dr Jude Capper](#), [Diana Rodgers](#) and [Johan Sanei](#), as well as local legends [Dr Theo de Jager](#), [Dawie Roodt](#) and [Russell du Preez](#) (you can read all speaker bios [here](#)).
- Dedicated parallel sessions on each day for **researchers to present relevant findings** in each area of interest, including monogastric and ruminant nutrition, animal breeding and genetics, physiology and reproduction, and sustainability.
- Access to a **digital poster book** displaying all research posters approved by the scientific committee.

For more information regarding the SASAS congress, please visit the website at www.sasascongress.co.za, or send an email to sasasnorthernbranch@gmail.com.

SPONSORSHIP OPPORTUNITIES WILL OPEN SHORTLY, PLEASE KEEP AN EYE OUT FOR COMMUNICATION IN THIS REGARD.
