## Editorial board

South African Journal of Animal Science

(Official Journal of the South African Society for Animal Science)

ISSN 2221-4062 (online)

### Scope of the journal

The South African Journal of Animal Science is an open access, peer-reviewed journal for the publication of original scientific articles and reviews in the field of animal science. The journal publishes reports of research dealing with the production of farmed animal species (cattle, sheep, goats, pigs, horses, poultry and ostriches), as well as pertinent aspects of research on aquatic and wildlife species. Disciplines covered include nutrition, genetics, physiology, and production systems. Systematic research on animal products, behaviour, and welfare is also invited. Rigorous testing of well-specified hypotheses is expected.

### Editorial board

#### Editor-in-chief:

Dr Megan North (e-mail: [sajas.eic@gmail.com](mailto:sajas.eic@gmail.com))

#### Publications committee:

Prof Cuthbert Banga, Botswana University of Agriculture and Natural Resources

Prof Giel Scholtz, Agricultural Research Council

Prof Kenny Mnisi, North-West University

Prof Grace Manyelo, University of Limpopo

#### Board of associate editors:

---
